

Real Intelligence Playbook

Prompts for a Career as a Rap Artist Using AI Platforms

Brand Identity & Persona Development

Create a stage name

for a rap artist who blends conscious lyrics with trap beats. Make it unique and memorable.

Help me design a rap persona

that has the confidence of Kendrick Lamar and the mystery of MF DOOM. Include backstory, style, and message.

Write a personal brand manifesto

for an independent AI-powered rap artist.

Lyrics, Hooks & Flow

1

Write 16 bars of a rap verse in the style of J. Cole

on the theme of overcoming self-doubt.

2

Write a catchy chorus about ambition and loyalty

using a simple rhyme scheme.

3

Give me 3 alternate punchlines

for the line: "I built my empire from an empty page."

4

Act as a rap flow coach

Give me feedback on this verse and suggest how to improve rhythm and rhyme structure.

Music Production With AI

Generate a hard-hitting trap beat

with ambient background textures and a BPM of 140. (Use

Recording & Voice

Clone my voice

using recording for studio-ready sound

Polish vocal tracks

master for Spotify-quality sound

Change tone

for more aggressive intensity

4. RECORDING & VOICE

Music Video & Visuals With AI

platforms like Soundful, Boomy, Beatoven)

Polish this vocal track

and master it for Spotify-level quality. Keep it punchy but not over-compressed.

Create a beat in the style of Drake x UK drill fusion

Clone my voice

using this recording and make it sound studio-ready with slight autotune and reverb. (Use ElevenLabs or Voicemod)

Change the tone

of this verse to sound more aggressive and intense without distorting clarity.

Create a 30-second animated video

with cyberpunk visuals to match a dark trap instrumental. Sync video cuts to beat drops. (Use Runway, Kaiber, or Pika)

Marketing & Social Media Content

Make a rap video set in a futuristic city skyline at night
inspired by Blade Runner.

Write a viral Twitter thread
explaining how I made a full rap track using only AI tools.

Write a caption for an Instagram reel
where I freestyle over an AI beat in my bedroom.

Generate 10 TikTok video ideas
that showcase my rap talent while telling my story.

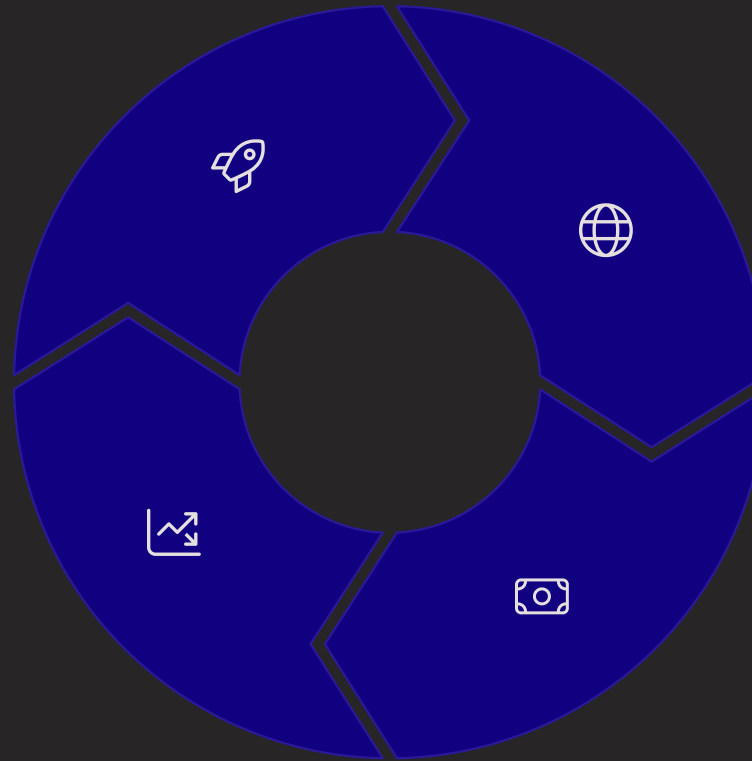

Distribution & Monetization

Create a launch plan

to release my first AI-powered rap EP using DistroKid and a pre-save campaign.

Track Performance

Monitor metrics to improve monetization

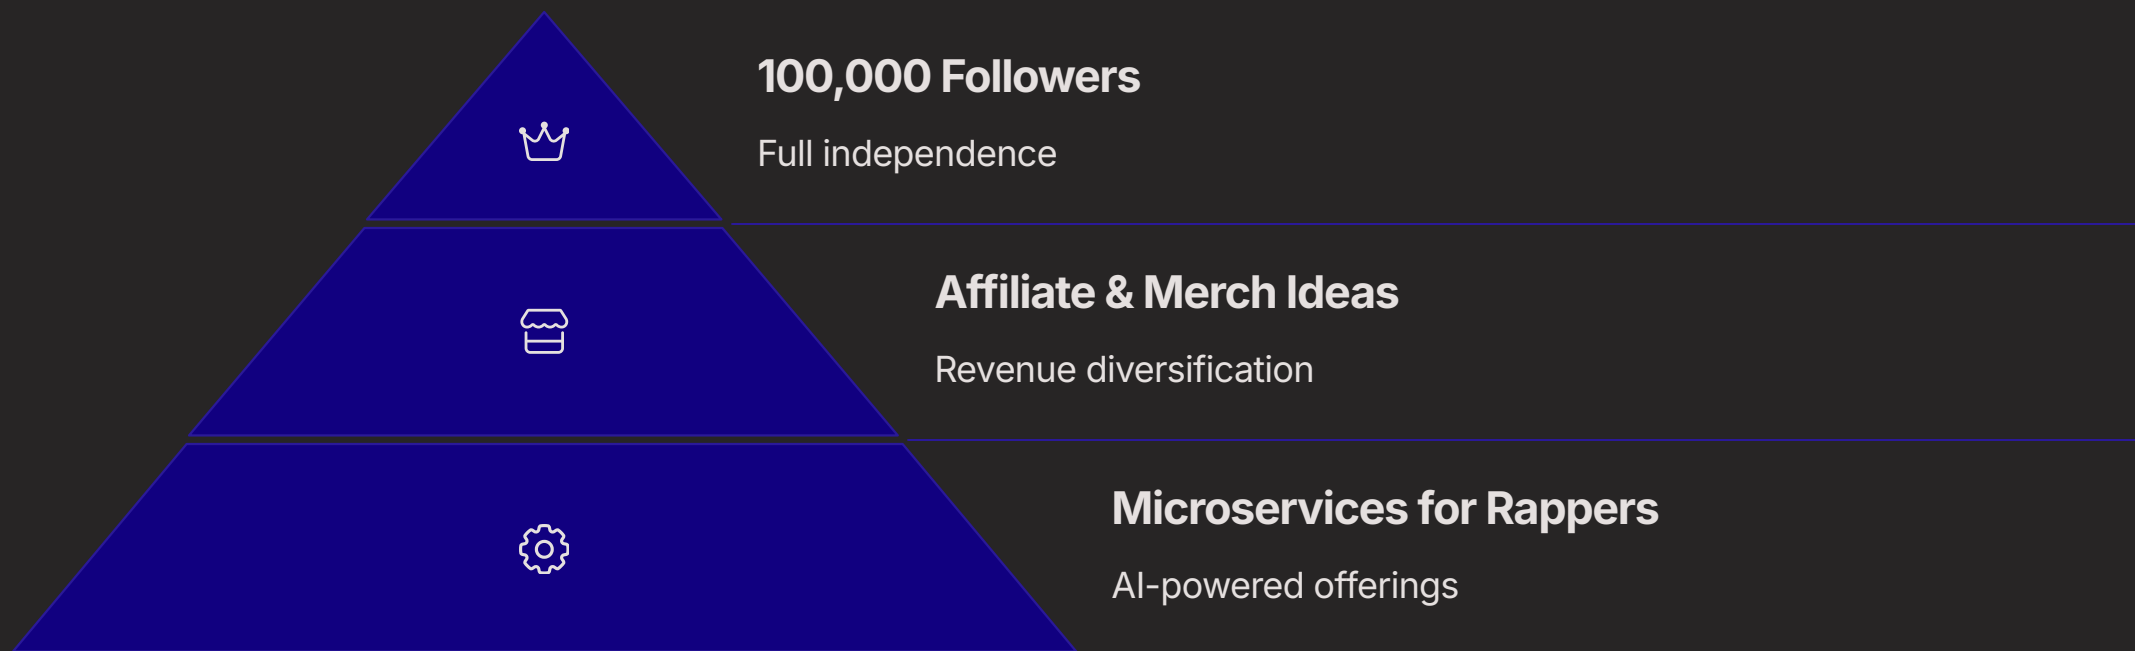

Write a landing page script

for a Notion-powered rap music brand that sells sample packs and lyrics.

Distribution Strategy

Optimize across platforms for maximum revenue

Bonus: Scaling Your AI Rap Career

8. BONUS: SCALING YOUR AI RAP CAREER

1. What **affiliate or merch ideas** can I build around a digital-first rapper brand?
2. Create a **roadmap for becoming a fully independent AI-powered rap artist**—from zero to 100,000 followers.
3. List **5 microservices I can offer other rappers** using AI (e.g., ghostwriting, AI vocal mastering, beat enhancement).
